RE: Manufacturing and Sales of Parker Velcon EI 1583 7th Edition Filter Monitors

Dear Valued Customer,

We have acknowledged your concerns regarding the withdrawal of the Energy Institute 1583 specification for SAP-base filter monitors by end of 2020. Parker Velcon has been working with both in-house and industry experts to determine the future availability of Parker Velcon EI 1583 filter monitors.

Until this situation becomes clear, Parker Velcon will continue the manufacturing and sales of our EI 1583 7th edition filter monitors.

We are committed to providing continued updates and support on this matter as the situation unfolds.

Sincerely,

Jay Studer
General Manager
